### TRUTH-IN-SAVINGS ACCOUNT DISCLOSURE

**Except as specifically described, the following disclosures apply to all of the above accounts.**

**1. Rate Information.** The Dividend Rate and Annual Percentage Yield on your accounts, as of the last Dividend Declaration Date, are set forth above. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for a 365 day period. The Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors.

**2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

**3. Compounding and Crediting.** Dividends will be compounded and credited as set forth above. The Dividend Period for each account is set forth above. The Dividend Period begins on the first calendar day of each month and ends on the last calendar day of each month.

**4. Accrual of Dividends.** Dividends will begin to accrue on cash deposits and noncash deposits (e.g. checks) on the business day you make the deposit to your account. Except for Special Savings accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

**5. Balance Information.** The minimum balance required to open each account is set forth above. Dividends and minimum balances are calculated using the Average Daily Balance method. The Average Daily Balance method is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in that period.

For tiered rate accounts, the dividend rate and Annual Percentage Yield is determined based on the tier in which the Average Daily Balance for the statement period falls. This dividend rate and Annual Percentage Yield applies to the entire balance in the account for the statement period.

**6. Account Limitations.** Limitations for each account are set forth above. For a Share Savings Account or Money Market Account in which transfer limitations apply, no more than six (6) preauthorized, automatic, telephone transfers or transfers made by check, draft, or debit card may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed.
